

THE SHAPE OF WATER

MEA 2025

Almost 100 years ago

KLUDI began manufacturing bathroom fittings using traditional methods of craftsmanship. Followed by high-quality, reliable fixtures of timeless design, this expertise formed the foundation of KLUDI. From the tradition as a faucet specialist, the goal was created to combine the highest quality of use and perfect design in a unique way.

Unmistakable expression in our products as well as in all services we provide for our customers.

It inspires and drives

our future activities.

A TOUCH OF ELEGANCE

As a premium water expert, KLUDI provides modern high end bathroom solutions, with a touch of harmony and design.

KLUDI surprises, informs and inspires, through a complete and sophisticated range of faucets, sanitaryware & other bathroom products of high design. Its design is not only focused on appearance and style, but also on practicability and emotional appeal. Excellent design goals when it harmonizes with functionality and satisfies people's needs, resulting in added benefits. Well recognized as one of the preferred innovative German brand by architects, interior designers, installers and end users, KLUDI gives shape to your idea of bathroom through research and attention to detail, improving people's quality of life.

KLUDI 

GLOBAL DESIGN, MADE IN GERMANY

KLUDI is a contemporary high-end brand for sophisticated bathrooms and high-quality kitchens. A perfect combination of 100-year tradition as a German fittings specialist and water expert with pioneering innovations and perfectly formed design. KLUDI solutions convince through German engineering and premium quality, high reliability in their function and sustainability in their use, an incomparable and timeless elegance in design and tangible sensuality in water experience.

BATHROOM FITTINGS LIVING IN STYLE

Bathroom Fittings-Interior styles open up a wide range of design options: Modern Classic, Puristic, Contemporary and Avantgarde. A variety of options for sophisticated bathroom design. A fit for every style. After all, interior design is all about finding a personal touch.

KLUDI-DECUS

Purity in form:
the timeless aesthetic of modern design

KLUDI-DECUS epitomizes clarity and purity. With its linear design, it achieves a delicate balance of being understated yet distinctly visible. For those who value uncompromising aesthetics and superior quality, KLUDI-DECUS stands out with its pristine, organic contours, making it the ultimate selection. This fixture has long been synonymous with originality and authenticity, boasting an inherent and sincere aesthetic allure.

KLUDI-NOVA FONTE PURA

COMBINES A UNIQUE SOPHISTICATION
WITH AN APPEALING LIGHTNESS AND
SUBTLETY

reddot winner 2022

HARMONY AND FUNCTIONALITY COMBINED

KLUDI-NOVA FONTE PURA combines a unique sophistication with an appealing lightness and subtlety. The geometries have been reduced to the bare essentials and brought into harmonious proportion. Consistency down to the smallest detail is evident in the absolutely precise transitions between the spout and the body, and the ultimate exact corner radii of the lever with the flat surfaces. Its extremely sophisticated design not only expresses lightness and transcendence, but also makes minimal use of materials. Since the smaller ecological footprint fulfils today's sustainability requirements, KLUDI-NOVA FONTE PURA is the true archetype of a new era.

No visible
grub screws / covers

FILIGRAN

- Geometries reduced to a maximum particularly slim design

SUSTAINABLE

- Saving water with a flow-rate of 4.5 l/min
- Reduced use of materials - to conserve resources
- Energy-saving manufacturing processes
- Plastic-free packaging/ biodegradable bag alternatives instead of plastic bags

PRECISE

- Extremely precise transitions of spout & body (the spout is plugged onto the body).
- Precise corner radii of the lever with flat surfaces require high manufacturing skills for a particularly elegant design

Unity in perfection: KLUDI-NOVA FONTE PURA in an ideal combination with KLUDI-NOVA FONTE PURISTIC.

CLASSIC STYLE

Exquisite details make KLUDI-1926 fittings a valuable addition to the bathroom. Richly ornamented and with a masterful finish, these splendid fittings revive turn-of-the-century charm. The fitting is finished with 23-carat gold, adding a touch of luxury to your bathroom. Golden fittings look particularly good in a classic or vintage-style interior design.

KLUDI-1926

FASCINATING LUXURY

The very particular crystal knobs give a touch of refinement for the most demanding. Suitable for both elegant Art Nouveau villas and new homes, this small detail creates a refined mix of styles. The KLUDI HotStop feature compensates temperature fluctuations in the pipes and ensures a pleasant, constant water temperature when showering. The hot water shut-off provides additional safety.

BATHROOM ESSENTIALS

Handheld bidet spray, has become a must have bathroom fixture, that offers a hygienic and eco-friendly solution. It allows users to control the water flow for a more thorough and comfortable cleaning experience. Increasingly common in modern bathrooms, the shattaf promotes cleanliness while reducing environmental waste.

KLUDI- BREEZE

DURABLE AND VERSATILE SOLUTIONS

Kludi-Breeze product range includes high-quality metal and ABS shattafs and angle valves, available in all the Kludi PVD brushed finishes and Chrome or Matt colors to complement any bathroom style. Designed for durability and performance, these fixtures offer both functionality and aesthetic appeal.

SENSOR FAUCETS

Faucets and soap dispensers with sensors have become a key feature in modern public restrooms, enhancing both hygiene and convenience. These touchless devices allow users to activate water flow and dispense soap without physical contact, reducing the spread of germs and bacteria. Their automatic functionality promotes a smoother, more efficient restroom experience while conserving water and soap by providing only the necessary amounts.

KLUDI- WAVE

ENHANCING HYGIENE WITH TOUCH- LESS FAUCETS AND SOAP DISPENSERS

The seamless design of Kludi-Wave sensor-operated fixtures contributes to a more sanitary environment, improving overall cleanliness. With growing emphasis on health and safety, sensor-based faucets and dispensers are now a standard in many public facilities. Provided with laser or IR sensor activation, Kludi-Wave products are available for wall or deck applications. The faucet features a sleek, slim design with a concealed sensor for a touchless, modern water experience.

CONCEALED SHOWER SOLUTIONS FOR LIFESTYLE BATHROOMS

Concealed solutions are becoming increasingly popular in the bathroom, especially in the shower. They allow more variability and flexibility in room design.

They leave more free space because the fittings installed in the wall take up less room - a major advantage not only in small bathrooms.

Architects and interior designers are not the only ones to appreciate the fact that concealed ready-to-use sets blend discreetly and unobtrusively into the room and its overall design. In addition, smart developments such as digital shower controls have significantly increased ease of use and user-friendliness.

Our new, innovative concealed solutions for the shower are in line with the trend towards digitalization in the bathroom.

On the other hand, with our once again significantly improved KLUDI-SLIM.BOXX, we ensure ultra-flat designs of the concealed rosettes with optimum ease of installation.

KLUDI-TOUCHTRONIC

YOUR BATHROOM IS DIGITAL,
YOUR BATHROOM IS SMART

ONE TOUCH IS ENOUGH

At the touch of a finger on the easy-to-understand icons of the operating display, up to three consumers can be individually controlled with KLUDI-TOUCHTRONIC - it could hardly be more convenient and intuitive.

Consumers (e.g. hand shower, head shower, side shower) - two consumers can run simultaneously

Colder/warmer

User/shower programs

Up to three individual shower programs can be activated

Switch on/off

DIGITAL AND URBAN

Smart control unit

- Ultra-flat design reduced to the essentials
- Discreet elegant look
- High-quality touch display made of black tinted polycarbonate
- Easy-to-read and easy-to-understand icons for simple and convenient operation
- Easy to clean

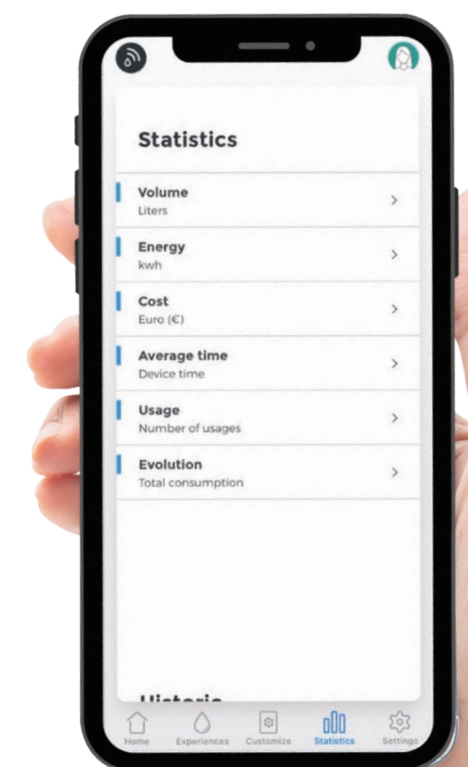

TOUCHTRONIC CAN DO EVEN MORE

KLUDI-TOUCHTRONIC enable two or three elements in the shower to be controlled digitally by means of a high-quality touch display. Integrating the system into the home wireless network additionally allows it to be controlled using the S-FLOW App, which also offers other useful functions, including heating and consumption statistics. With KLUDI-TOUCHTRONIC you can customize your wellness experience and memorize your shower scenarios up to 3 individual users. Consumption and energy values are displayed in the APP, allowing you to check your energy and water saving.

Download the S-FLOW App, to customize your wellness experience.

What the S-FLOW App can do:

- Switch on and off
- Control the water quantity and temperature separately for each element
- Programme up to three individual showering parameters
- Pre-heat function
- Set the temperature lock
- Configure a child safety lock
- Maintenance functions (e.g. anti-legionella bacteria flushing, cleaning programme)
- Display various consumption values (water volume, energy consumption, etc.)
- Intuitive user interface
- Available free of charge for Android and iOS devices

KLUDI-PUSHTRONIC

THE ULTIMATE SMART LIVING

PRESS AND TURN

With KLUDI-PUSHTRONIC, two consumers can be controlled individually - simply, conveniently, intuitively.

Water Volume

- Push to switch on and off the consumers (e.g. hand shower and overhead shower) - both consumers can also run at the same time
- Endless turning in both directions to regulate the water volume

Water temperature

- Endless rotation in both directions to set the desired temperature
- Environmentally friendly and resource-saving: water volume and temperature are preset to a flow rate of 8 liters/minute or °35 Celsius.
- Safe: A temperature lock limits the maximum temperature to °44 Celsius.
- Intelligently networked: Integration into the home WLAN additionally enables control via app with further useful functions (e.g. warm-up, child safety lock, cleaning rinses).
- Economical and ecological: the App keeps water and energy consumption under control.

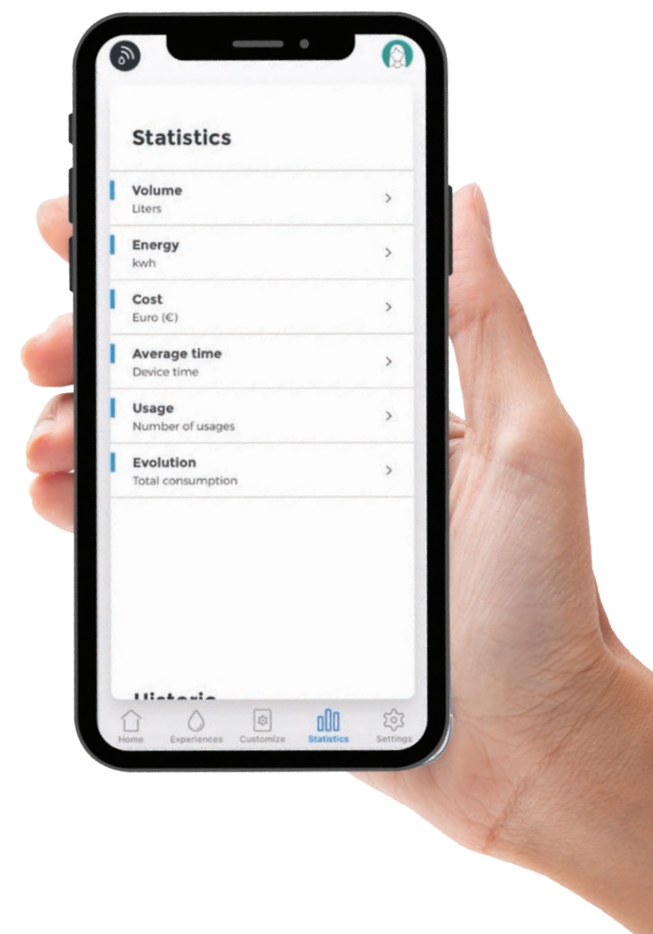

DIGITAL LIFESTYLE FOR THE MODERN BATHROOM

KLUDI-PUSHTRONIC is an extremely flat masterpiece that is operated like a high-quality luxury fitting. At the same time, the fitting has all the advantages of an electronically controlled thermostatic fitting, right up to operation via smartphone or tablet. KLUDI-PUSHTRONIC enable two elements in the shower to be controlled digitally with knobs that can be completely retracted. Integrating the system into the home wireless network, additionally allows it to be controlled using the S-FLOW App, which also offers other useful functions, including heating and consumption statistics that will allow you to check your energy and water saving.

Download the S-FLOW App, to customize your wellness experience.

What the S-FLOW App can do:

- Switch on and off
- Control the water quantity and temperature separately for each element
- Pre-heat function
- Set the temperature lock
- Configure a child safety lock
- Maintenance functions (e.g. anti-legionella bacteria flushing, cleaning programme)
- Display various consumption values (water volume, energy consumption, etc.)
- Intuitive user interface
- Available free of charge for Android and iOS devices

KLUDI-SLIM.BOXX

NEW CONCEALED UNIT

A NEW STANDARD FOR CONCEALED INSTALLATIONS

When it comes to the water installation in the wall, brain is needed. This is where the KLUDI-SLIM.BOXX comes in, the significantly improved successor to our tried and tested KLUDI-FLEXX.BOXX. The unit sets new standards for concealed installation in several respects.

The name says it all

- 7 mm high - the KLUDI-SLIM.BOXX prefabricated sets are among the flattest on the market
- 149 mm in diameter - discreet, pleasantly unobtrusive appearance

Less work for the professional

- Reduced installation depth of only 75 mm - less is hardly possible
- Easily suitable for narrow drywall
- Compensation of up to seven degrees of rotational offset - quickly and without great effort during installation

Rubber instead of plastic

- Ensures perfect impermeability
- Cut to length with cutter and without
- Special tools
- Break-proof

More sustainability

- Support tube made of plastic-wood composite
- Cover made of recycled cardboard

SHOWER DREAMS YOUR PERSONAL EXPERIENCE

Head showers, hand showers and shower systems are small technical masterpieces with the intention of making shower dreams come true.

An experience that refreshes all senses and at the same time allows a moment of “release”.

KLUDI-ASANA WELLNESS PROGRAM

A SHOWER EXPERIENCE FOR ALL SENSES

In the bathroom, the shower plays a key role in creating an individual wellness experience. The large-format KLUDI-ASANA ceiling showers offer wellness with a real wow effect and the ultimate in showering comfort. They impress with their size alone, but even more so with their heavenly water experience.

This is especially true of the models that, in addition to a pleasant, voluminous summer rain, provide extra wellness with a focused laminar flow or a waterfall-like cascade and light. KLUDI-ASANA ceiling showers are made of high-quality stainless steel and are fully integrated into the ceiling so that they blend harmoniously into the bathroom.

A wide range

- Three sizes: 340x340 mm, 440x440 mm, 600x300 mm
- Single jet (summer rain) or dual jet (summer rain and clean jet or summer rain and waterfall)
- Atmolight, ambient lighting (LED) for Chromotherapy

INNOVATIVE EASY INSTALLATION

Patented system allows easy ceiling installation, harmoniously integrated. KLUDI-ASANA is also available for the bath – as a beautifully designed waterfall spout. The system is ideal for both small renovations and large projects and reduces installation time to just a few minutes.

Tighten the clamp holders one by one and fix the head shower in the ceiling.

KLUDI-A-QA
FUNCTION AND FORM IN
PERFECT HARMONY

KLUDI-A-QA's extra large rainfall shower provides relaxation and seduces with monolithic design and sophisticated technology. Together with two different wall-mounted showers in the series that deliver rainfall or jet sprays, you soon feel like you are showering under a real waterfall. The shower arm and head shower are particularly easy to operate and promise a simple, unadulterated showering experience. A rectangular rainfall spray with rounded edges highlights its pure, organic style.

KLUDI-FRESHLINE

YOUR MOMENT OF RELEASE

The KLUDI-FRESHLINE collection combines minimalist design with functional variety – something only otherwise experienced in spas.

This thermostat-based dual shower system is also ideal for retrofitting. All you need is a water connection. The shower system includes a 25 cm head shower, a flexible 3S hand shower and a thermostat-controlled shower mixer. The KLUDI emptying feature in the KLUDI-FRESHLINE hand shower combines maximum hygiene with soothing comfort.

KLUDI-DIVE

DIVE INTO INSPIRING
SHOWER WORLDS

KLUDI-DIVE

Dive into inspiring shower worlds

New types of jets, incredible design ideas, tangible added value – the innovative KLUDI-DIVE shower range offers a one-of-a-kind, all-round wellness experience in the shower:

Top-Features

- KLUDI-DIVE hand showers redefine showering with the three new Body, Hair and Skin jets.
- The design incorporates a cleverly positioned chamfer that creates an impressively light and modern look.
- KLUDI-DIVE hand showers are available in two sizes: the DIVE S with a 107 mm shower head and the DIVE X with a 117 mm shower head – with either one or three jets.
- Stylish head showers in two designs and four new shower systems round off the range.
- Special water-saving options help to conserve water and energy – without sacrificing any comfort and showering pleasure.

WHAT MAKES THE PERFECT HAND SHOWER?

This question was answered by celebrity hairdresser Chris Coenen himself, his team and 100 of his customers during the course of a dynamic test phase. The developers at KLUDI have created the three new types of jets based on their responses.

Concentrically arranged on the spray head of the three-jet hand showers, they can be easily and conveniently switched over with a button

198

BODY
gentle, full-body, relaxing

HAIR
concentrated, more water pressure, much water

SKIN
focused, massaging, revitalising

Body
All over, voluminous, soft, relaxing – for a complete wellness experience in the shower.

Hair
A revolutionary new jet pattern – powerful, surface-focused, with more water and enough power to wash out shampoos and hair treatments thoroughly and quickly, even from long and thick hair.

Skin
Concentrated, gently tingling, massages the skin and invigorates.

UNIQUE “BODY-HAIR-SKIN” SPRAY TYPE CONCEPT

KLUDI-DIVE spray type concept “body-hair-skin” was developed together with the expert & customer Expert - Chris Coenen. A survey of 100 studio customers revealed:

- Almost all clients use the hand shower for shampoo rinsing.
- None of the clients were satisfied with the spray of their hand shower for shampoo rinsing.
- They all wanted more water and more pressure than the normal spray.
- Rinsing shampoo takes too long, especially for long haired people.

KLUDI-CLEANTRONIC

Radar User Detection

A new standard for hygiene

KLUDI-CLEANTRONIC is made with RAK-ProTek, the innovative ceramic glaze developed to protect wash basins, toilets and urinals, to make them more hygienic and easier to clean. RAK-ProTek, which is baked into the ceramic during firing, results to a smoother surface, unlike standard ceramic with irregular surface.

This feature allows the participls accumulating on the ceramic to easily slip away, making cleaning more efficient and convenient.

This glaze is an innovative protection against bacteria, the silver ions contained in this revolutionary glaze, kill 99.9% of bacteria in 24 hours and prevent the bacterial growth, in comparison to conventional ceramic glazing. RAK-ProTek has been tested by Artest laboratory from the Italian Ceramic district in Modena.

Advanced functionalities made easy

KLUDI-CLEANTRONIC's remote provides full control at your fingertips, easily and intuitively. While the three main buttons activate the main cleansing functions, the intuitive adjustment knob allows the user to select the preferred water pressure and nozzle position. All other cleansing functions appear to the user only if the KLUDI logo is tapped, allowing a more advanced experience.

TOILET FEATURES

SOFT CLOSE AND QUICK RELEASE

Seat cover closes on its own as soon as it is pushed down, it gently and slowly lowers to its closed position. It can be easily detached from the toilet, making it fast and easy to clean all the surrounding area.

HIDDEN FIXATIONS

Our wall hung and back to wall products are benefitting of the collaboration with Fischer Group, one of the industry leaders. The use of the most innovative Fischer fixing systems, is allowing us design freedom on the ceramic, better aesthetics and more safety for the installer.

Water Saving Easy Cleaning Silent

Hygienic No ledges or rim

SPIRALFLUSH TECHNOLOGY

KLUDI-CLEANTRONIC's KLUDI delivers the ultimate in technology for bathroom suites. Based on similar design specifications to sanitaryware in hospitals and medical centres, KLUDI Spiralflush water closets allows you to experience the same high standards of hygiene in your own home.

HIDDEN WATER AND ELECTRIC SUPPLY

The water and electricity supplies are concealed behind the bowl; no cables or flexible hoses are visible on the installed product.

NIGHT LIGHT

KLUDI-CLEANTRONIC's night light can be adjusted to guide the user to the toilet during night time, without needing to switch on the main bathroom light. It provides orientation and safety, without interrupting the body's repose. The LED light can be adjusted to 5 different intensity levels and 5 colors.

BLUE SKY BLUE GREEN VIOLET RED

BASIC CLEANSING FUNCTIONS

REAR WASH

Pleasant and reliable cleansing. Water temperature, water spray intensity and the spray wand position can be individually adjusted. The spray wand and nozzle are cleaned automatically before and after each use.

Adjustable settings:

- Water temperature (OFF, 33°C, 36°C, 39°C)
- Water flow pressure (5 levels)
- Nozzle position (5 levels)
- Nozzle oscillating movement

FEMINE WASH

Specially-developed for the needs of female users. It provides a gentle stream of water for a delicate wash. The spray wand and nozzle are cleaned automatically before and after each use.

Adjustable settings:

- Water temperature (OFF, 33°C, 36°C, 39°C)
- Water flow pressure (5 levels)
- Nozzle position (5 levels)
- Nozzle oscillating movement

WARM AIR DRYER

The use of the various cleansing functions can be followed by a gentle flow of warm drying air. The temperature and intensity of the warm air dryer can be adjusted. Operating time 180 seconds.

Adjustable settings:

- Air temperature (5 levels)
- Air flow intensity (2 levels)

STOP

Halts the current activated function.

ADVANCED CLEANSING FUNCTIONS

WATER PRESSURE ADJUSTMENT

The water flow pressure can be intuitively adjusted to 5 different intensity levels through the rotating knob. It adapts to each user's needs, making it a customizable experience.

NOZZLE POSITION ADJUSTMENT

The position of the wand jet can be intuitively adjusted to 5 different levels through the rotating knob. It adapts to each user's needs, making it a customizable experience.

OSCILLATING MOVEMENT

During rear of feminine cleansing is possible to activate the oscillating mode by pressing the button again. The wand jet moves in and out for thorough cleansing over larger areas, for a feeling of ultimate clean.

2 MEMORY SETTINGS

Personalized experience thanks to exclusive setting for 2 users. Water pressure and exact position of the nozzle can be set to individual preference.

Personal settings:

- Water flow pressure (5 levels)
- Nozzle position (5 levels)

WATER TEMPERATURE ADJUSTMENT

Pressing the dedicated button on the remote control, allows water temperature adjustment to 3 different ideal levels. Alternatively water heating can be completely turned OFF.

- OFF
- 33°C
- 36°C
- 39°C

CHILD MODE

The child mode is a gentle automatic cycle of rear cleansing (40 sec.) and drying (180 sec.) adjusted to children's delicate needs and typical forward sitting position.

Fixed settings:

- Water temperature (as per general setting)
- Water flow pressure (level 1)
- Nozzle position (level 5)
- Air temperature (level 3)
- Air flow intensity (level 1)

AUTOMATIC MODE

The automatic mode is a standard automatic cycle of rear cleansing (20 sec.) with oscillating movement (20 sec.) and drying (180 sec.) adjusted to standard needs, it is ideal for elder people not familiar with technology.

Fixed settings:

- Water temperature (as per general setting)
- Water flow pressure (level 2)
- Nozzle position (level 3)
- Air temperature (level 3)
- Air flow intensity (level 1)

AUTO CLEANING NOZZLE

The spray wand and nozzle are cleaned automatically before and after each use, but is possible to run a 30 seconds auto cleaning cycle when desired. To extract the nozzle for a manual cleaning, press the button for 5 seconds.

KLUDI-CLEANTRONIC

USER FRIENDLY CARE & MAINTENANCE

QUICK RELEASE SEAT COVER

Seat cover can be easily detached from the toilet, making it fast and easy to clean all the surrounding area.

NO HIDDEN CREVICES

All areas of KLUDI-CLEANTRONIC can be easily reached, there are no hidden crevices making it easy to reach and clean.

WAND CLEANING

The spray wand and nozzle are cleaned automatically before and after each use, but is possible to run a 30 seconds auto cleaning cycle when desired.

WAND EXTRACTION

To extract the nozzle for a deeper manual cleaning, press the button for 5 seconds, the nozzle will remain in fully extended operating position for 180 seconds, with no water emission.

EASY SERVICING

TOILET BASIC FUNCTIONS NEVER COMPROMISED

In case of no electrical power or system failure and consequent need of assistance from KLUDI, the product can continue to be used. KLUDI-CLEANTRONIC's basic toilet functions are never compromised: flushing, seating, soft close seat & cover and quick release.

TANK DRAINER PROGRAM

KLUDI-CLEANTRONIC's tank (approx. 1,4L) automatically renews the water every 4 days of non-use, in order to ensure always safe and fresh water. In case of longer periods of non-use, it is possible to manually empty the water tank by pressing the STOP button for 5 seconds. It takes approximately 2 minutes to complete the operation, afterwards it is recommendable to turn off the power from the main switch placed under the lid.

AUTOMATIC DESCALING PROGRAM

KLUDI-CLEANTRONIC is programmed for a periodic automatic limestone removal, depending on the water quality. The water quality is verifiable with the water hardness test included in the product, to do during installation.

WCS AND BIDETS FUNCTIONALITY AND DESIGN CRAFTED IN CERAMIC

KLUDI provides comprehensive toilet and bidet solutions, boasting an extensive range adaptable to any style, enabling the creation of a personalized toilet experience. A comprehensive lineup encompassing all essential components for bringing your dream bathroom to life, from the WC bowl and cistern to the control panel and meticulously coordinated accessories. Within the KLUDI sanitary series, you're certain to discover your perfect solution. KLUDI's esteemed focus on design, innovation, and quality now extends to every aspect of your bathroom with its new ceramic product range.

Spiralflush technology

Noiseless and beautiful

Kludi delivers the latest design/technology combination for water closet flushing system. Spiralflush allows you to experience the highest standard of design, hygiene and water efficiency, thanks to a uniquely engineered water flushing system, that effectively removes waste, helping keep bathroom fresh and hygienic. The system features a sleek linear design with minimal visible impact, while the spiral jet enables thorough cleaning using less water and markedly reduced noise. Water circulates in a spiral motion across the entire bowl surface, ensuring a splash-free and quiet operation.

FURNITURE FEATURES

Beyond its robustness, melamine faced MDF elevates the aesthetic appeal of any space with its sleek and uniform surface. The melamine sheet finish imbues the material with a lustrous sheen, creating a visually striking canvas for design endeavors. Moreover, melamine faced MDF exudes practicality and ease of maintenance, further enhancing its allure in both residential and commercial settings. Its smooth and non-porous surface repels scratches, moisture, and stains with ease, ensuring effortless upkeep and longevity. With minimal maintenance requirements, melamine faced MDF offers enduring beauty and functionality over time.

We play our role for a better environment and society

Sustainability in every sphere of business is one of the main elements of KLUDI mission statement. The company is committed to practicing environmental stewardship throughout its manufacturing chain – from product design and efficient operations processes – and to playing an active role in building a better community by enhancing the surrounding environment. Organization's activities improve energy efficiency, reduce pollution, enhance biodiversity and improve the quality of life for both people in the communities it operates in and for its workforce. It recycles natural raw materials to help conserve natural resources and adopts clean development mechanism (cdm) projects to reduce carbon emissions during the manufacturing process.

FROM RESPONSIBLE SOURCES FSC® CERTIFIED
The KLUDI-ICOS furniture collection respects the environment and the life of the furniture itself. All particleboard and MDF used in the construction of this striking furniture collection comes from responsible sources FSC certified, respecting the forests, the people and wildlife who call them home.

MIRRORS

UNLEASH YOUR IMAGINATION

The perfect example of how KLUDI's style is reflected in its creations.

KLUDI mirrors serve as the finishing touch to personalize your perfect bathroom. Offered in various shapes and sizes, all equipped with LED lighting and demister functionality. Adjustable light temperature adds further customization.

KLUDI-LUMA

Illuminate your bathroom

332

333

333

KLUDI-LUMA mirrors are a stylish and functional addition to any bathroom. They come in a choice of round or rectangular shapes and feature a contemporary, minimalist design with an innovative touch switch feature. The mirrors are equipped with backlighting, which provides a gentle light to create a cosy ambiance in the bathroom. All KLUDI-LUMA mirrors have a demisting function to prevent the mirror from fogging up.

BATHTUBS

A STYLISH TOUCH FOR LUXURIOUS COMFORT

Introducing our spacious and stylish freestanding or drop-in bathtubs, designed to bring a modern and comfortable touch to your bathroom. The flowing lines and symmetry of our bathtubs bring a new level of comfort, luxury and relaxation. Cosy minimalist shapes for luxurious baths, suitable for every bathroom environment. Available in a variety of sizes and shapes, including oval and rectangular, to fit any bathroom space. KLUDI-RESA bathtubs are made of RAKSOLID, a solid and durable material composed of a mixture of minerals and natural resins, while KLUDI-ELIN are made of high-quality acrylic, a strong and long-lasting material. The elegant matt white finish of KLUDI-RESA O bathtubs adds a touch of sophistication and contemporary style, while the glossy white finish of KLUDI-ELIN matches any other ceramic in the bathroom, providing a polished look.

SHOWER TRAYS

KLUDI's range of shower trays is designed to redefine the overall concept and aesthetic of your bathroom. Featuring an elegant matte finish with a stone effect, they impart a distinctive ambiance to the shower area while providing a tactilely pleasing, anti-slip surface for enhanced safety. Whether constructing a new shower or renovating an existing one, selecting the appropriate parts and materials tailored to the space and dimensions is paramount. With a thickness of only 3cm, KLUDI shower trays not only optimize space but also boast a surface that inhibits the growth of bacteria and fungi, ensuring superior safety and hygiene. Additionally, they exhibit excellent resistance to chemical products, ensuring long-lasting durability and functionality.

KLUDI-TERRA

Elevate your shower experience

Think about your dream bathroom, where all the elements come together to create a space that is both beautiful and practical. KLUDI-TERRA shower trays are available in endless dimensions and three-colour options, making it the perfect solution for your dream shower area. KLUDI-TERRA collection is made of RAKSOLID, a solid and durable material composed of a mixture of minerals and natural resins.

URINALS & PARTITION

Efficiency and hygiene, in a well design product range. Partitions, dividing these fixtures, ensure privacy, offering a semblance of personal space in crowded facilities. Together, KLUDI's urinals and partitions uphold a delicate balance between functionality and comfort and represent the perfect solution for public restrooms.

KLUDI-IVO

Stylish solutions for the modern commercial bathroom

The KLUDI-IVO urinal is also available with Waterless technology and uses a unique dry valve system. This system helps to reduce odours in restrooms, provides strong flow, and makes maintenance and cleaning easier. The Waterless system is easy to maintain and has a green visual indicator made of biodegradable materials that tells you when it is time to replace the cartridge (about 7500 uses).

THE IDEAL COMPLETION OF KLUDI'S BATHROOM OFFERT

Refined siphons add a touch of sophistication to bathroom decor. Kludi offers traps crafted from chrome-plated ABS, stainless steel, or polypropylene, seamlessly blending with Kludi's wall-hung washbasins or bidets, enhancing the visual appeal without compromising aesthetics.

KLUDI- ROTEXA

The essential complement

The elegant KLUDI-ROTEXA bottle traps and drains complete the bathroom decor in style. KLUDI-ROTEXA products, available in different finishes, integrate perfectly with every KLUDI washbasin or bidet without visually impacting on the aesthetics.

OUR STRENGTHS, OUR PHILOSOPHY

At KLUDI, we are masters of our craft because, since 1926, we have concentrated on what we do best: developing, designing and manufacturing premium products for bathrooms and kitchens. And because we focus on the needs and requirements of our customers. Satisfying them is what drives us and remains our ultimate goal.

Pvd Coating

HIGH-GRADE BRILLIANCE

Various metallic finishes are equally popular in homes. Brushed gold, brushed bronze and brushed gunmetal are particularly popular. KLUDI uses the physical vapor deposition (PVD) process, originally developed for use in space technology, to apply these shiny surface variants in excellent quality and perfect brilliance. In this process, the fittings are physically vaporized in special vacuum chambers using mixtures of inert gases ignited in a magnetic field. The composition of the gas mixture determines the color. PVD surfaces are about ten times harder than chrome. They are therefore considered to be extremely durable and long-lasting.

FINISHES:

	MATT BLACK (39)		MATT LIGHT DOVE (02)		MATT LIGHT BLUE (04)
	MATT WHITE (53)		MATT DOVE (01)		MATT VERMILION (05)
			MATT TEAL BLUE (03)		

Powder Coating

ELEGANT MATT

For matte pastel and color shades that are currently on vogue in interior design, KLUDI uses an innovative powder coating that brings out the matte colors particularly well. The fittings are finished with an electrostatically charged powder coating.

The powder consists of finely ground polyurethane and epoxy resin, both of which have a high chemical and mechanical resistance. This gives the surfaces particular resistance and durability. At the same time, powder coating is considered an environmentally friendly painting process because no solvents are used.

Awarded design that serves people

KLUDI designs and manufactures products used by people several times within every day. Therefore, KLUDI's designs are not just only focusing on appearance and style, but also on convenience, practicability and emotional appeal. Excellent design goals when it harmonizes with functionality and satisfies people's needs, resulting in added benefits. That's why our fittings leave a lasting impression - even on design award juries. KLUDI products have won many globally recognized awards for excellent design quality.

Innovation is just doing it

Freely following this motto KLUDI has been developing trendsetting solutions for bathrooms and kitchens for almost 100 years. The focus is always on bringing to life people's diverse ideas of their dream bathroom and kitchen, with special attention to detail and forward-looking research. Our perfectly shaped designs and constant aspiration are to make life a little easier, safer, more pleasant, and more beautiful with every development. KLUDI aims to enhance people's quality of life through simple and secure installation, intuitive and convenient usage, perfect water enjoyment, and environmentally-friendly disposal at the end of the product's lifecycle.

Zero-fault tolerance

KLUDI never compromises on quality. Every KLUDI product is crafted with excellence, showcasing true value workmanship. KLUDI has nearly a century of expertise and emphasizes quality at every stage of the development and manufacturing process, beginning with customer needs. KLUDI values the use of high-quality materials and their precise manufacturing. Regarding quality control: Every plant has it's own quality management team. Every single component is inspected before it goes into production or sub-suppliers part is mounted. Inspections are also performed during each step of the manufacturing process. Hereby most advanced testing equipment, like 3D coordinate measuring machines and electronic measuring microscopes are used. Our only benchmark: zero-defec. This is the only way to achieve the greatest possible customer satisfaction.

That makes a difference Simple, sustainable, plastic free.

This change is hard to miss. A new sustainable packaging concept has replaced our standard packaging. Not only does the packaging look and feel good, it 's also certified.

KLUDI ECO flow limiter

From shower systems, showerheads and basin mixers in the bathroom to kitchen faucets - the ECO technology integrated in many water-saving products limits the flow to up to 3.8 liters per minute, letting you save water and energy efficiently. KLUDI technology – reducing costs without sacrificing comfort

KLUDI sensor technology

Thanks to integrated infrared technology, water in KLUDI sensor fittings only flows when the sensor field is activated by hand movement - and this with a noticeably reduced flow rate anyway.

KLUDI ECO PLUS technology

In many KLUDI washbasin and kitchen fittings, this function ensures even greater energy efficiency, as only cold water flows instead of mixed water when the handle is in the standard middle position. This is good for the environment and your budget.

KLUDI technology reducing costs without sacrificing comfort
