L'evoluzione del design: la nuova linea di miscelatori.

The Evolution of Design: The New Mixer Line.

La nostra linea di miscelatori si arricchisce con nuovi modelli che portano il design a un livello superiore. Ogni elemento è pensato per integrarsi armoniosamente con gli spazi più moderni, unendo estetica, innovazione e sostenibilità. Le nuove finiture e i dettagli raffinati completano un'idea di comfort che va oltre la semplice funzionalità: l'acqua diventa protagonista di un'esperienza sensoriale unica, grazie a linee fluide, materiali pregiati e soluzioni tecnologiche avanzate.

Le nuove varianti rispondono a un'esigenza crescente di sostenibilità e prestazioni ottimali, senza rinunciare alla qualità e al design.

Our mixer line is enriched with new models that elevate design to the next level. Each element is carefully crafted to seamlessly integrate with modern spaces, combining aesthetics, innovation, and sustainability. The new finishes and refined details complete a concept of comfort that goes beyond simple functionality: water becomes the protagonist of a unique sensory experience, thanks to fluid lines, premium materials, and advanced technological solutions.

The new variants meet the growing demand for sustainability and optimal performance, without compromising on quality or design.

Innovazione funzionale: deviatore rotante integrato.

Functional innovation: integrated rotary diverter.

Miscelatore monocomando 2 vie

Miscelatore monocomando per doccia completo di deviatore rotante a 2 VIE, progettato per garantire un controllo fluido e preciso della temperatura e della portata dell'acqua.

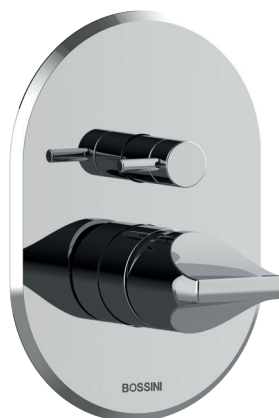

Il deviatore consente il passaggio immediato tra due differenti punti di erogazione, assicurando efficienza d'uso e affidabilità nel tempo. Corpo in ottone resistente alla corrosione, cartuccia a dischi ceramici ad alte prestazioni e componentistica interna conforme agli standard europei di qualità e sicurezza. Ideale per installazioni ad incasso, il prodotto si integra perfettamente in ambienti bagno moderni ed è compatibile con i principali sistemi doccia.

2 way single-lever mixer

Single-lever shower mixer with integrated 2-WAY rotary diverter, designed to ensure smooth and precise control of both water temperature and flow rate.

The diverter allows immediate switching between two different water outlets, ensuring efficient operation and long-term reliability. Made of corrosion-resistant brass, with a high-performance ceramic disc cartridge and internal components compliant with European quality and safety standards. Ideal for concealed installations, the product integrates seamlessly into modern bathroom settings and is compatible with most standard shower systems.

Z00508

Rinnovamento estetico per un design più contemporaneo.

Aesthetic renewal for a more contemporary design.

Il prodotto illustrato rappresenta la versione aggiornata, che sostituisce il modello precedente. Un design rinnovato, pensato per offrire un'estetica più contemporanea, maggiore funzionalità e un'esperienza d'uso ottimizzata. Stessa affidabilità, nuovo stile: l'evoluzione di un classico in chiave attuale.

The product shown is the updated version, replacing the previous model. A renewed design developed to offer a more contemporary look, enhanced functionality, and an improved user experience.

Same reliability, new style: the evolution of a classic in a modern key.

Set igienico con doccia a pulsante. INOX AISI 316L

Shut-off handsprays Set with push-button shower.

Set igienico con doccetta shut-off a comando manuale, dotata di leva per l'apertura e la chiusura immediata del flusso d'acqua.

Progettata per garantire igiene personale e praticità d'uso, la doccetta eroga acqua solo quando attivata, riducendo gli sprechi e aumentando la sicurezza.

Il kit comprende doccetta, flessibile e supporto a muro. Realizzato in materiali resistenti alla corrosione, è ideale per ambienti bagno privati e professionali.

Hygienic set with manual shut-off handshower, equipped with a lever for immediate opening and closing of the water flow.

Designed to ensure personal hygiene and ease of use, the hand shower dispenses water only when activated, minimizing waste and enhancing safety.

The kit includes the hand shower, flexible hose, and wall support. Made of corrosion-resistant materials, it is ideal for both private and professional bathroom environments.

INOX AISI 316L
